BAKARI
FOUNDATION

THE BAKARI FOUNDATION

REBUILDING FAMILIES AND *Communities*

HEALING HEARTS - TRANSFORMING LIVES

Turning Bakari's passions for world travel, leadership, and wealth creation into a gift of healing and cultural awareness

For families and communities of victims whose lives were lost at the hands of another

- Society is continually plagued with the ills and burdens caused by lives taken at the hands of another
- **Intentional and criminal homicides** cause many more deaths than war and terrorism combined
- Over and above the grief caused by natural death, unique devastating effects of **trauma grief** mostly go unrecognized and untreated
- Families and communities are **wounded and scarred** requiring unique tools for intervention, healing, and living with the aftermath
- Our programming uniquely offers **pathways toward healing** through transformative healing experiences and support services for families who have lost loved ones at the hands of another, while also delivering education, guidance, and processes to enhance adult and youth communities in which they live

HEALING HEARTS - TRANSFORMING LIVES

PROGRAM GOAL #1 – Healing Beyond Violence Through Intervention

- Violent murder of a family member elicits a traumatic crisis response – shock, disbelief, disorientation, fear, and even obsession with revenge
- Physical and emotional responses can cause cognitive imbalances in the brain when the physical and emotional become misaligned
- Grieving cannot begin and family members are left not being able to move to acceptance

---

WE PROVIDE immersive, transformative healing retreats for families in mourning

- A laser focused in-depth experience without day-to-day distractions
- Unique, intensive sessions and workshops with expert, socially sensitive, licensed therapists who address the combined effects of trauma, post-traumatic stress disorder (PTSD), and grief
- Rebuilding family connections (youth and adults) that may be lost when dealing with trauma
- Scheduled, balanced physical and therapeutic activities to deal with anger, loneliness, and depression
- Comprehensive health coaching with a certified nutritionist personal trainer
- Long term aftercare with therapists and support groups, plus tools and resources for continuing at-home progress

HEALING HEARTS - TRANSFORMING LIVES

PROGRAM GOAL #2 – Educating Beyond Violence

- The same things that negatively impact good health and economic stability provide the underlying conditions for increased violence
- African-American and Latinx communities are facing far higher rates of co-victimization
- Businesses which could bring healthy foods and good jobs often overlook economic advantages and they stay away
- Achieving social equality requires not only external stimuli, but also multi-generational awareness and propensity towards action from within

---

WE PROVIDE pathways to healing through Financial Literacy and Entrepreneurship curriculum plus a culminating Wall Street practicum

- Access to customized programs to equip high school students with tools to invest economically in their communities, focusing on wealth creation and investment strategies, including stock market(s), banking and finance, and asset management
- Entrepreneurship programming to provide opportunities for career choices
- Education for educators and parents on coaching students reared in under-resourced environments of racism to excel
- Exemplary students have the opportunity to participate in a full week hands-on cohort working with Wall Street professionals and leading financial experts

HEALING HEARTS - TRANSFORMING LIVES

PROGRAM GOAL #3 – Developing Leaders and Rebuilding Communities

- Rebuilding requires strong direction from within the community working hand in hand with cultivated partners within government, business, educational institutions, and non-profit organizations
- Our focus is building long-term effects for thriving communities including the use of innovative technological platforms while strengthening and growing entrepreneurship in minority communities to bridge the wealth gap

---

WE PROVIDE Education for renewal, rebuilding, and living with the after-effects

- Career Leadership Internship Program for high school students
- Experience on real-world projects in current technologies, business, marketing, government, communications, and non-profit environments
- Programmatic and one-on-one mentoring with small businesses and corporate champions
- Entrepreneurial tool kit and personality trait assessments

The Youth Leadership Program for Elementary School Students

- Partnerships with youth development organizations for delivery
- Guidance on role model behavior and guiding others
- Self-confidence workshops
- Leadership activities and decision-making role play

HEALING HEARTS - TRANSFORMING LIVES

PROGRAM GOAL #4 – Empowering Hearts for Productive Living

- First and foremost, while engulfed in grief many don't understand their state of devastation or what to do next
- Helping parents, siblings, and extended family members through the early stages is critical to their reckoning and eventual acceptance
- Only when individual needs are given a focus can there be collective community progress and grass roots advocacy leadership

---

WE PROVIDE a customized support system that addresses critical needs

Discreet, Flexible Counseling to Meet the Needs of Each Participant

- Participant informed counseling for individuals and families
- Individuals select counselors based on personal criteria
- Short term or long term
- Individual sessions and family sessions

Additional Services for Families In Need

- Case-by-case-basis support during crises for legal fees, travel, and/or related expenses
- Guidance on interacting with law enforcement and government agencies
- Recommendations for personal development training and workshops
- Peer-to-peer coaching and support
- Special offerings, if needed, for international emergencies
- Advocacy with social justice, governmental, and healthcare delivery organizations

THE HEALING HEARTS - TRANSFORMING LIVES CAMPAIGN

II. The Endowment Campaign for the Future of the Family

Campaign Goal: $1,000,000 investment to heal families and communities

Campaign goal will be achieved through:

- Community Ambassadors to Build Awareness and Alliances -

- Major Donor and Foundation Gifts and Grants -

COLLABORATE WITH AMBASSADORS AS DONORS AND NETWORK BUILDERS

Transparency and alliances with supporters of The Bakari Foundation's ideals

ENGAGE MAJOR DONORS AS CHAMPIONS AND SUSTAINING PARTNERS

Build prominent positioning for annual, sustaining, and perpetual gifts

ESTABLISH A DONOR-CONTRIBUTED ENDOWMENT

Incorporate standards, guidelines, and best practices of the Financial Accounting Standards Board (FASB) for non-profit organizations

INVEST FUNDS FOR LONG TERM GROWTH AND SUSTAINABILITY

Professional endowment management by a State of Texas Securities Board and/or Securities and Exchange Commission (SEC) certified Registered Investment Advisor (RIA)

WHO WAS BAKARI?

On July 7, 2017, 22-year-old Bakari Henderson lost his life to the hands of nine men. A recent graduate of the University of Arizona, he met an untimely death while on the Greek island of Zakynthos in pursuit of his dream of launching a luxury sportswear clothing line. This American tragedy was captured on video for the world to see.

From this devastating tragedy, The Bakari Foundation was formed, with a passionate propensity toward action for healing from brokenness and rebuilding communities that have marginal access to the fruits of success available in society, aspiring to turn Bakari's passions for world travel, leadership, and wealth creation into gifts of healing and cultural awareness for families who have lost loved ones through similar tragic circumstances at the hands of another. Our objective is to lovingly support families in crisis during one of the most difficult times and lessen the scars of violence within the community.
